

Bev Bambrough

Both my children have attended Booth Wood and I have been a Governor at Booth Wood since my daughter joined Reception class, she is now in Year 9 at Delisle. Many parents and children will know me as Reggie the British Bulldogs Mum too!

My work experiences as a Director of a Trustee company, working in Financial Services and now running our family Electrical Contracting Business, have given me the tools and ability to support the school, and question when required as I have no educational experience.

I was elected Vice-Chair of Governors in September 2017. I am also currently the Chair of the Personnel and Finance and Pay Committee and a member of the Premises & Health and Safety Committee.

I am currently the Governor responsible for Governor Training, Special Educational Needs (SEN) & More Able, and PE.

As an outstanding school we continue to strive for improvement and I thoroughly enjoy being part of the team supporting Booth Wood Primary School, its staff, pupils and parents achieve this.
